Some people go to work each day and then come home. They spend time with their family and friends. Maybe they watch TV or go to a movie. Sometimes they exercise or read. This is their life. But for other people, this is not enough. They look around their neighborhoods and see people with terrible hardships: sickness, loneliness, and homelessness. Other people see problems with the environment. Many people want to help. They volunteer. They give some of their time to help others.

Volunteers help in many ways. Some visit sick and lonely people. Some give their friendship to children without parents. Some build houses for homeless.
