Abstract :

This study focuses on the causes of the weakness of the English language in Saudi society will we use the questionnaire or interviews so that we can determine more precisely these reasons, and this research will give benefits to the community and those in charge of teaching the English language and thus remove these causes.

Introduction :

English has become the language of basic With this in mind, we must seek to develop and interest in them, especially in our Saudi society, we need to our trade or exchange of cultures or when we travel abroad are the first language in the world .

Literature review :

In previous studies, there are many researchers wrote about my subject:
* By Kenneth Beare, About.com Guide, he wrote about (Improve Reading Skills) he said in part of the introduction "Start by thinking about how you read different documents. How do you read the newspaper? How do you read novels? How do you read train schedules? and so on."

* Strategies to improve reading fluency skills, by Nancy B. Swigert, M.A., CCC/SLP

They focus on the skills of reading they are scanning, Extensive reading, intensive reading, reading comprehension activities, reading lesson plans, English learning techniques and other related articles they discuss. These studies helped me in research to learn basic reading skills, and assessment methods for students reading skills they have. Where they ranked these skills and in detail and this is what I will work in my study when applying improve reading skills among the students of the secondary stage, which aims to help them to acquire the English language

faster and in a manner-academic way to help them progress in their intellectual and cognitive development.

Significance of Research :

The significance of this research in terms of the importance of English in Saudi society, which has become the second language .

Research Questions :

- What are the reasons for the weakness of the English language in Saudi Arabia ?
- What are the solutions that may be developed to remove the causes of weakness in English in Saudi society ?

Research Methodology :

Will be used to check out some reliable references add to the process of the questionnaire and interviews.

Ethical Consideration :

Will take into account in our research, taking into consideration the consent of both will participate in the questionnaire or interviews when we need to put their names in the study or any information .

Limitations of the study :

This study will be with a slice of the citizens of the community within the Kingdom of Saudi Arabia .

Expected Results :

According to the data I expect that the result of the weakness of the English language because:

- Lack of clarity of purpose of learning English.
- Do not develop the curriculum adequately.
- Lack of multiple materials in English language education.
- Do not start the teaching of English in the early grades.
