Marriage is often not easy. Maybe man and woman love each other, but they argue. They get angry. Later they apologize, but it happens again and again. What's the problem? Are men and women really very different.

Deborah Tannen says yes, men and women are very different. Tannen teaches at Georgetown University in Washington, D.C. She writes books about the ways people talk. She believes that men and women talk- and think- in different ways. She tells about some differences in her book, *You Just Don't Understand*.

 → (ب) are doing  
 (ج) did  
 (د) does

The differences, Tannen says, begin when men and women children. Very young boys and girls are similar to each other. In words, *they* like many of the same things and play in the same. They aren't very different. But then there is a change. When in the United States are five or six years old, boys usually large groups. One boy gives *orders*. For example, he says "this," "Go over there". *He* is the leader. Boys also brag words, they say good things about themselves. But girls play in small groups or with one other girl. A girl's best very good friend and important to her. Girls often don't they give suggestions.
