1	chicken and egg" question: Which comes first? The situation we're in (e.g. a committee meeting)? Or the language we use (our committee ways of talking and interacting)? Is this a "committee meeting" because we are speaking and acting this way, or are we speaking and acting this way because this is a committee meeting? After all, if we did not speak and act in certain ways, committees could not exist; but then, if institutions, committees, and committee meetings didn't already exist, speaking and acting this way would be nonsense.
2	chicken and egg" question: Which comes first? The situation we're in (e.g. a committee meeting)? Or the language we use (our committee ways of talking and interacting)? Is this a "committee meeting" because we are speaking and acting this way, or are we speaking and acting this way because this is a committee meeting? After all, if we did not speak and act in certain ways, committees could not exist; but then, if institutions, committees, and committee meetings didn't already exist, speaking and acting this way would be nonsense.
3	when we speak or write we craft what we have to say to fit the situation or context in which we are communication but at the same time how we speak or write create taht very situation
4	that we fit our language to a situation or context that our language
5	there is no single definition of discourse analys is meant to provide a higher awarness of the hidden motivations in others
