Some Young People's Hobbies

There are many hobbies and hobby sites on the Internet. Camping and chess sites are two of them. Although these two hobbies are very different, they have one thing in common: both are very popular with young people. Why?

One reason camping is so popular is because it's cheap. There are campgrounds around the world, and they're all different. Some have indoor swimming pools and restaurants. Others don't even have water! But the areas near campgrounds are almost always beautiful.

Camping is relaxing. Campers can get up early in the morning and cook breakfast with their family. They can spend the day swimming, fishing, going hiking in the mountains, looking at wildlife, or just reading. There's usually no noise, no traffic, and no stress. Campers usually sleep very well at night.

And what about chess? It's cool now, but in the past not many young people played the game. A lot of young people got interested in learning chess when they saw it on TV. And many famous people enjoy playing chess. Young people often follow what famous people do, even if it's chess!

More and more schoolchildren are learning the game. Many schools have chess clubs, and there are national competitions every year. And people can play chess on computers, too. That means a person can compete against a computer, or can even play against a friend or cousin on the Internet. You can play chess anywhere - even when you're camping!
