THE BENEFITS OF USING ONLINE TUTORING TO IMPROVE SPEAKING SKILL IN  
KING FAISAL UNIVERSITY IN SEMESTER 7

**Description :**

Through the study of distance education at the KFU, it turned out that, most of the students facing difficulty in speaking skill. Tutoring online gives you the opportunity to gain speaking fluently and understanding of important aspects of English language. This will develop speaking without hesitation or confusion. It is ideal for people who wanted to improve their self.

**Tools and methodology :**

The research will be performed on a group of students specializing in English from KFU from level 7 and teachers who tutor online. The main tool used in this research is a questionnaire. The questions for the students will be on their development and how they benefit from Tutoring online. Furthermore, the questions for tutors will be about the satisfaction level of the students and their seriousness and perseverance to get the highest possible benefit.
