**Title:** A VIEW OF PHILOSOPHY AND THEME OF HOPE " HOPE IS THE THING WITH FEATHERS " IN POETRY EMILY DICKENS'S

**Description:** My proposal is about to define Dickenson's view of hope, and optimistic attitude towards life through great pain, a pain of loss consider the destructive effects of possible lost love, nightmares, depression sick erotic fantasies, and personifies the death. Dickenson often wrote about death, and is most famous for her was the who treated the great theme of hope In exploring our psychological attitude. However, now I have enough life experiences too I know Dickinson's philosophy of hope.

Therefore, we feel hopeless today In times like these. We encouraged ourselves to explore the hope Yet, even in the midst of these dark times, where it seems there is no way out, there is always hoping.

**Tools & Methodology :** I am going to use an interview with some students of the English department, their ages vary between 20-35 at King Faisal University in Dammam, city Kingdom of Saudi Arabia, and ask them about some of the topic's, poet Emily and how its philosophy on the theme of hoped, in particular.
