Read the following passage and answer

Some people say, "Everybody is going to shop online, from home. There will not be any more real shopping malls." Other people have a different picture of the future; they think there will still be shopping malls but many people will work at home alone, on their computers. They will want to go out to stores for shopping. They will want to socialize. Shopping in stores will be easy. People will not need to carry many bags from stores to their houses and people won't need to carry money or credit cards with them. An eye scan will identify their eyes. They won't only have big department stores and many small stores. Malls will still be places for shopping and entertainment. But in malls of the future, busy people will also go to the doctor, the dentist, and the post office. They will go to gym, too. Everybody agrees about one thing: shopping will be different in the future.
