We live in an ordinary house and I think it is terrific! Our house is now 30 years old, but it looks newer. My house is like hundreds of other houses in the suburbs, one story with an attached garage. There is nothing special about the house, and it won't win any prizes for architecture, but it's perfect for our family. The kitchen is big and has new appliances, including a beautiful new dishwasher and a microwave oven. I don't like the heat, but we have air conditioning in the living room and bedrooms, so it is always cool. For the kids there's a nice yard where they can play. It's very safe, so my wife and I don't have to worry. I am very thankful that we can afford this house and live our ordinary lives there.

I have many qualities that have made me a success as a bike messenger. First of all, I have the ability to persevere when there are difficulties. And bike messengers run into many difficulties. I have had problems with drivers who almost run me over, constant rain for weeks at a time, unreadable addresses, and rude customers. In addition, my dedication to the job

has also served me well. I believe that you should do your best at even the most routine jobs. For example, I work hard at finding short cuts around the city. And I'm proud to say that when a package needs to be delivered really quickly, my boss always calls on me. Finally, my success as a bike messenger is partly due to my sense of humor. Many times I have wanted to quit, but I just try to laugh at the situation
